Location: Direct phone call

This entry has an alarm. The alarm will go off 30 minutes before the entry starts.

Required: Robert.Steed@deq.idaho.gov

### Description

This is to discuss the CE-QUAL-W2 modeling that was performed on the Pend Oreille River in 2011 and its implications for the reissued NPDES permit for the City of Sandpoint.

Please propose another time if this does not work for you. We probably won't need the full hour.
